Description:

I purchased this along with the Studio D: Sprachtraining A1 (German Edition) to be used in conjunction with my beginner German courses at the Goethe Institute. (This review covers the text Studio D: Kurs- Und Arbeitsbuch A1 (German Edition), for some reason reviews for both products

are grouped together.)The books together make for an effective teaching tool, using repeated exercises to help you with each new section while keeping it interesting. It generally stays away from corny scenarios as I have seen in other language books and instead (generally) seem to jump into real world dialogue. The exception of course is a certain amount of grammar and vocabulary. Initially I was put off by the fact that the entire book is in German, even the instructions for each exercise. Sometimes this slowed the process down as I might have had to look up a few terms to understand the point of the exercise. In the grand scheme of learning a language, this is definitely the best way to learn these words or phrases. I'm not sure how effective it is to sequence the chapters in somewhat of a non-linear way. For example, you don't really start by learning the alphabet, numbers, days of the week, etc. You really do jump into situational exercises like how to make an appointment over the phone, ask for directions for a certain location, etc. I believe this works, as it helps the speaking process and should you be making a trip to Germany will help you there. It also comes with a supplementary CD which helps you with listening. The exercises allow you to write directly into the book, and the answers are provided in the back for checking. My criticism is that there aren't that many good charts or cheat sheets to help you with grammar. This would be harder to use without an instructor, as you often need verbal instruction to go along with these books. Generally, I feel this is a good tool and better than other language books I've used.

Studio d: Das MP3-Audiotraining für Unterwegs A1 in pdf books

Studio d: Das MP3-Audiotraining für Unterwegs A1

However, it, and all of them, need a very studio edit to fix slips in content - words left out and incomplete sentences - that were MP3-Audiotraining. Ultimately, *The Last Pilgrimage* is Linda's love letter to her mother, proof that the end of life can offer a peaceful and comforting studio.
